Vein Locator

The Vein Locator is a portable, battery operated device which uses special lights to trans-illuminate the patient's tissue to highlight veins. Ideal for neonates, pediatric, and frail adult patients, the Vein Locator assists in finding the vein and improves your chance of needing just a single stick. Self-contained, the unit can be cleaned as needed.

RAMCO Art.No. 41140

RAMCO profile

RAMCO is an international supplier of medical- and laboratory disposables and medical- and laboratory equipment and diagnostics kits.
